OUR BELIEF

PPC is the BEST way to grow your business

Growing your business through digital advertising is too important to be treated as a side hustle or bolt-on service. However, many agencies will sell you a one-size-fits-all service package to “improve” your SEO, digital PR and influencer outreach.

It just doesn't make sense.

That's why we've created

WHAT OUR CLIENTS SAY

“They manage our PPC campaigns and over the course of the last few months we have seen a **100% increase** on our leads and conversions.”

CLICKBOOST

THE PROBLEM WITH DIGITAL ADVERTISING TODAY

Fifteen years ago, a single person could manage a Google Ads account and get great results. But the world has woken up to the life-changing revenue available online.

So, if you need to outsource your digital advertising campaigns today, here are your options:

Freelancers: You'll get direct contact with a professional, but they're unlikely to have all the skills to maximise results.

Full-service agencies: These offer a bit of everything, but you'll find they have very few staff who specialise in digital advertising. And you'll likely deal with account managers instead of PPC professionals (<https://clickboost.co.uk/>).

ClickBoost: You deal directly with dedicated digital advertising professionals who have a proven track record of delivering successful and profitable campaigns.

PAID MEDIA PROFESSIONALS & PROCESSES PROVEN TO DELIVER **PREDICTABLE RESULTS**

WITH CLICKBOOST

We only hire individuals who dedicate their careers to growing businesses on platforms such as Google Ads and Meta Ads.

People like:

- **Stuart, Alex and Kirsty**, who landed a lead worth **£250,000** for a B2B company that sells shipping containers. **Strategic & experienced professionals helping your business grow**
- **Scott, Kiah and Evan**, who help a client consistently generate over **£60,000 per day** in online revenue.

Choose us as your agency partner and you're taken care of by a team of experts who have the experience, knowledge and skills to make your project a success.

A TEAM OF DIGITAL ADVERTISING PROFESSIONALS

It's not okay to settle for "okay" results from your campaigns. And the reason many agencies only get "okay" results is that they lack the experience in digital marketing to help you stand out.

After years of testing and refining our processes, you benefit from a team of professionals at a fraction of the cost of hiring in-house.

Having a strong team going up against your fiercest competitors tips the odds in your favour, so you win new customers and get a great ROI.

Our company, Complete Clarity Solicitors and Simplicity Legal have been working with Clickboost for several months now. Everyone that we have interacted with at Clickboost, most recently Tanguy, has been knowledgeable, proactive and incredibly responsive. They manage our PPC

campaigns (<https://clickboost.co.uk/>) and over the course of the last few months have seen a 100% increase on our leads and conversions. It feels like a genuine partnership where they are invested in our companies success.

– SOLICITOR AT A FAST GROWING LEGAL PRACTICE BASED IN THE UK

Steve Charalambous

We have been working with Click Boost for almost 2-years. As one of the UK's leading luxury brands we demand high standards from our business partners and Tangy and Scott at Click Boost have consistently delivered. We've worked with a number of digital ad agencies over the years and I have no hesitation in saying Click Boost are the best we've found. They are proactive, responsive and know digital paid media inside out.

– HEAD OF MARKETING FOR A LUXURY GARDEN ROOM COMPANY

**Katie Hughes**

An incredibly friendly professional group of people who went out of their way to build a digital strategy and implement marketing activity for me. They also provided a fantastic end of campaign report which was incredibly helpful and insightful. – OWNER OF A TRAVEL COMPANY THAT BRINGS PEOPLE FROM ALL OVER THE WORLD TO THE UK

**Andy Donnelly**

We've had a great experience with Click boost. Handed the account over with serious issues around goal set up/recording. The guys were prepared to dig deep into the issue. After a few weeks we had a eureka moment where we finally resolved the issue which put us competitively back into the auction. Stewart has been steadily driving down our CPA's ever since whilst maximising the number of good quality enquiries. A very professional and reactive team. Would highly recommend them for PPC management (<https://clickboost.co.uk/>).
